

A Reminder - This year's General Meeting is important!

The Association's General Meeting this year is scheduled for June 13th in Snow Hall at Fort Sill in the Regimental Room, surrounded by the artifacts and mementoes of our 100 year history. We will be electing officers and selecting a site for the reunion in 2019.

Nominating a reunion site requires a little advance planning, inasmuch as there are usually several different ideas as to just where the event should be held! If you have a favored venue in mind, prepare a brief presentation as to why it would be a meaningful and attractive place for the membership to meet. Your local Chamber of Commerce or Tourist Association would be a good place to ask for materials that could be used to strengthen your "pitch."

If your locale is selected, you should also be prepared to act as the lead organizer for the logistics of the reunion, but don't be concerned too much by that! The Association has held many reunions, and there is plenty of expertise, templates, and willing, experienced members available for support and assistance.

Oh, and one more thing - don't forget to bring items for the World Famous and Eagerly Awaited Auction, which will follow the banquet as usual on Friday evening!
